FOREWORD

The Fifth Address Book of Alpha Chi Rho is presented to the Fraternity with many misgivings. The office of the National Secretary is not sufficiently manned to edit and publish an Address Book, which will be of maximum value to the Fraternity, and at the same time to carry on the necessary office routine. The Book is therefore months behind the original date set for publication, and cannot be as accurate as its editors would want it to be. A great part of the actual publication of this Book has fallen upon Brother National Secretary Robert T. Griebing, who has worked diligently and thoroughly to place the Book, such as it is, in the hands of the Brothers.

The material, for the most part, was secured from the individual Brothers themselves, and the editors wish to thank those Brothers who so promptly responded to the requests for information. They also wish to express their appreciation of the assistance rendered by the various Resident Chapter Correspondents and the Graduate Chapter Secretaries for their help in gathering the necessary data.

CARL T. SIGMAN.

NO ADDRESSES

The addresses of the following Brothers are unknown to the Secretary. Mail matter sent to the last known address has been returned by the post office. If the addresses of any of the following Brothers are known the National Secretary would appreciate being advised of such addresses.
